- Original Medicare Plan (Parts A and B)
- Medicare Supplement Insurance (Medigap)
- Medicare Advantage Plans (Medicare HMOs)
- Medicare-Approved Drug Discount Cards
- Employee Group Health Plans (employer, professional, union, trade group)
- Retiree Group Health Plans (employer, professional, union, trade group)

This Bulletin provides basic information about Medicare, Medigap, Medicare HMOs, MassHealth and other health care programs for people who do not have any group insurance available to them. If you have group health coverage from an employer, call

the benefits administrator of your health plan for information. If you are a veteran, contact your local Veterans Agent for information about veterans health care services.

Included in this Bulletin are:

- Charts showing Medicare A and B benefits, copayments and deductibles
- Charts detailing the three standard Massachusetts Medigap policies and alternative benefit rider, Medigap insurance carriers, and premiums
- Charts listing Medicare HMOs with premiums and co-payment amounts

## **Medicare**

Medicare is a health insurance program for:

- People age 65 or older,
- Certain people with disabilities under age 65, and
- People with End-Stage Renal Disease (permanent kidney failure)

Medicare has two parts:

- **Part A (Hospital Insurance) helps pay** for hospital care, skilled nursing care, home health care, hospice care and other services.
- **Part B (Medical Insurance) helps pay** for outpatient medical services such as doctors' services, x-rays and tests, physical, occupational and speech therapy, outpatient hospital care, ambulance service, medical supplies and equipment and other medical services.

Most people do not have to pay a premium for Part A coverage. A monthly premium is charged for Part B coverage.

Contact the Social Security Administration to find out if you are eligible for Medicare.

You can select your health care coverage under the Original Medicare Plan or a Medicare Advantage Plan (Medicare HMO). Both options cover all Part A and Part B benefits.

## **Original Medicare**

Under the Original Medicare Plan you may go to any doctor, specialist, hospital or other provider that participates in Medicare. The Original Medicare does not pay for all the costs for Medicare covered services. See the attached chart ***Medicare Part A and Part B Benefits and Gaps***; also, read the ***Medicare & You Handbook*** for details.

## **Medicare Advantage (Medicare HMOs)**

A Medicare HMO is a private company under yearly contract to provide Medicare Part A and Part B covered services as a Medicare Advantage Plan. Medicare HMOs may

provide additional benefits including but not limited to periodic routine exams, health screenings, vision services, prescription drugs, dental visits, hearing exams, eyeglasses and/or wellness programs. Medicare HMO services are provided through a network of contracting medical providers. Medical providers, however, may terminate their contract with the Medicare HMO during the year. Most Medicare HMO plans require members to get all health care (except for emergency and out of service area urgently needed services) from the HMO's network of providers and facilities. Beneficiaries must follow all plan member rules including rules for getting referrals and prior authorization when necessary.

You may join a Medicare HMO if:

- ❑ You are enrolled in both Part A and Part B of Medicare,
- ❑ Your permanent residence is in the HMO's service area, and
- ❑ You do not have End Stage Renal Disease.

You may join a Medicare HMO up to three months before your Medicare coverage begins or at any time thereafter. You may switch to another HMO plan or disenroll and return to Original Medicare throughout the year.

See the attached Medicare HMO charts for comparisons of premiums and co-payments of Medicare HMOs in your area and who to contact for information and enrollment. For assistance contact a SHINE counselor at your local senior center.

## **Medicare-Approved Drug Discount Cards**

Beginning May 3, 2004, private organizations began marketing Medicare-approved drug discount cards to people with Medicare. The discount cards will be honored by most retail and mail-order pharmacies beginning June 1<sup>st</sup> and are expected to offer Medicare beneficiaries discounts on their prescription drugs of between 10 and 25 percent. An annual enrollment fee should not be more than \$30. Low income beneficiaries may also receive credit of up to \$600 each year in 2004 and 2005 to help pay for their prescriptions.

To qualify for a \$600 credit, your 2004 annual income cannot exceed:

- \$12,569 for a single person, or
- \$16,862 for a married couple

If you qualify for the \$600 credit, you do not pay an enrollment fee.

For detailed information contact 1-800-Medicare and [www.medicare.gov](http://www.medicare.gov). For free one-on-one assistance and counseling contact a SHINE counselor at your local senior center.

## **Medicare Supplement Insurance (“Medigap”)**

**Medigap** is health insurance sold by private insurance companies to individuals enrolled in Original Medicare. Medigap insurance helps pay for some of the Medicare deductibles and co-payments not covered under Original Medicare. **Medigap** policies must be

clearly marked “**Medicare Supplement Insurance**” Insurance coverage and text is standard for all carriers. The attached Medigap chart that shows the three standard **Medigap** policies that can be sold in Massachusetts. **Medigap** policies are regulated by federal and state laws.

The three standard Medigap policies sold in Massachusetts are:

- “Medicare Supplement Core”
- “Medicare Supplement 1” (no outpatient prescription drug coverage)
- “Medicare Supplement 2” (unlimited outpatient prescription drug coverage)

Federal law requires that Medigap policies be “**guaranteed renewable**”. A guaranteed renewable policy cannot be cancelled unless the beneficiary stops paying the premium or provides false information on the application when they buy the policy.

The company must continue the policy, with no changes in benefits (except to keep up with changes in Medicare).

**Note:** Group health insurance (employer, professional, union, or trade group, etc.) may supplement Original Medicare but is not technically Medigap insurance and does not have to meet federal and state Medigap requirements.

Medigap beneficiaries pay premiums for Medigap coverage. Medigap companies selling policies in Massachusetts offer the same premium (a “community rate”) to all policyholders; they cannot charge a different premium based on your age or health problems. Medigap companies **may** offer a premium discount for up to three years if a person enrolls in a Medigap plan within the first 6 months of initial eligibility (see “When Can You Buy Medigap Insurance” paragraph b).

You do not need to buy a Medigap policy if you are enrolled in a Medicare HMO plan.

Medigap policies in Massachusetts do not include coverage for “excess physician fees” above the Medicare approved charge because under Massachusetts law a licensed physician cannot collect more than the Medicare approved charge for any Medicare service provided to a Medicare beneficiary. This law is known as the “Massachusetts Ban on Balance Billing”.

### **Additional Benefits Available through Alternative Benefits Rider**

Medigap companies may also sell a separate “rider” that provides additional health benefits that are not otherwise covered by Medicare or a Medicare Supplement Core or Medicare Supplement #1 policy. An Alternate Innovative Benefit Rider may offer

additional preventive health care services, medical care while traveling abroad, and outpatient prescription drugs. In Massachusetts, Blue Cross and Blue Shield of Massachusetts, Inc. sells an Alternate Innovative Benefit Rider for their Medicare Supplement Core Policy. See the charts at the end of this Bulletin for a description of the benefits that must be included in any alternative benefit rider offered for sale in Massachusetts.

***Please note: While all Medigap policies must be “guaranteed renewable”, the alternative benefit riders are not “guaranteed renewable”.***

Federal law requires that Medigap policies be “guaranteed renewable”. A guaranteed renewable policy cannot be cancelled unless the beneficiary stops paying the premium or provides false information on the application when they buy the policy. The company must continue the policy, with no changes in benefits (except to keep up with changes in Medicare). However, alternative benefit riders are not “guaranteed renewable” and may be changed or cancelled in the future. If a company decides to not renew or to change a rider, it must notify you 90 days before the date of the change or cancellation. At that time, you would have the option to change to another Medicare Supplement policy during a special 60-day open enrollment period without any break in coverage.

### **Who Can Buy A Medigap Policy?**

Any Massachusetts resident enrolled in Medicare Part A and Part B may buy Medigap insurance in Massachusetts **except for** individuals *under age 65 who are eligible for Medicare solely due to End-Stage Renal Disease*.

Medigap insurers in Massachusetts cannot refuse to sell a policy, exclude or limit coverage, or require a waiting period before coverage starts due to existing health problems. However, Medigap companies do limit sales to certain times in the year.

### **When Can You Buy Medigap Insurance?**

In Massachusetts, you can buy Medigap insurance (policies or alternative benefit riders) during one of the following Medigap Open Enrollment Periods:

- a. ***The annual open enrollment period*** starts **February 1<sup>st</sup>** and ends **March 31<sup>st</sup>**. Benefits for people who enroll during the annual open enrollment period begin **June 1<sup>st</sup>**.

- b. ***A six month open enrollment period*** begins when a person is “initially eligible” for Medigap. To be initially eligible, an individual must have just:
- enrolled in Medicare Part B for the first time
  - become a resident of Massachusetts
  - moved out of the service area of their HMO plan
  - lost or is about to lose employer coverage
  - turned age 65, after becoming eligible for Medicare Part B benefits due to disability or end stage renal disease occurring *before* turning age 65.
- c. ***A 63 day Medigap open enrollment period*** begins when a person:
- has employer health insurance coverage that pays second to Medicare but the coverage was stopped or is about to be stopped, or
  - loses retiree health insurance coverage, or
  - has a Medigap policy end due to an involuntary termination, or
  - is insured by a Medigap policy or Medicare HMO and the company or its agent misrepresents the policy’s terms and conditions during marketing or substantially violates a provision of its policy or contract; or
  - is enrolled in their first Medicare HMO plan and decides to disenroll (for any reason) from the plan within the first 12 months of enrollment.
  - If a person cancels a Medigap policy to join the HMO, that person can get the old policy back if it is still offered for sale; if not, they can choose a Core policy or Supplement 1 policy.
  - If a person selects a Medicare HMO as their first choice, that person may select any Medigap policy offered for sale in the state. To avoid a break in coverage, that person can apply for Medigap insurance up to 60 days before the actual HMO disenrollment date.
- d. ***A five-month open enrollment period*** occurs if a person is enrolled in a Medicare HMO or Elder Service Plan that announces it will stop doing business in their area as of December 31<sup>st</sup>. If this happens, the Medigap open enrollment period would begin upon the receipt of an October 2<sup>nd</sup> notification letter from the plan and end March 4 of the following year.
